

# Competition evaluation Report

## OBSERVATION SHEET FOR THE SAFETY ASSESSMENT IN GYMNASTICS

### Identification data:

Name of the event: FIG Romgym Trophy 3<sup>rd</sup> Edition WAG / MAG

GAM & GAF National Championships Individual Open and Club Representative.

Date and location of the event: 01-03.09.2023 Sala Polivalenta Bucharest

Name of evaluator: Curelea Steliana

### Evaluation of coaches' behavior:

The behavior of the club coaches was supportive and positive towards the athletes. The coaches were attentive to the needs of the athletes and encouraged their developments.

### Evaluation of accommodation conditions:

The accommodation and meal conditions were adequate, complying with the health and food hygiene standards.

### Evaluation of meal conditions:

Athletes and delegation members ate in hotel restaurants. Hygiene and compliance standards were met.

### Evaluation of competition conditions:

The competition venue was an airy, well-lit venue. The sanitary facilities were not impeccably hygienic, but could not be classified as totally inadequate. The organizers made efforts to maintain decent standards of cleanliness during the competition. Bottled water was available for athletes and coaches at various locations in the competition hall.

### Assessment of injury hazards related to the competition hall location:

An ambulance crew staffed by a doctor and a nurse was present throughout the competition.

Apparatus and gymnastic mats were properly stored in areas outside the competition pit when not in use.

### Additional comments and recommendations:

Nothing to add. The competition was a well-organized, had a significant number of volunteers, and staff, available if needed.

All medical emergencies were addressed by the medical team on call.

Slippery surfaces, and other small incidents were quickly handled by the organizers.
